Rev. E. A. Brownlee,

China Inland Mission,

507 Church Street, Toronto.

Dear Mr. Brownlee:

I am afraid I am not in a position to offer you a Fellowship for work that you would undertake as a postgraduate student. The number that we have at our disposal is very small, and primarily they are intended to be given to students who come to us from the East, and the indications are that this year we shall have more applications from the East than we can meet. These with obligations that we are under to continue Fellowships to some who already have held them will I am confident leave none at my disposal.

With regard to graduate work if you were to let me know the subject that you would like to take up I should be glad to make arrangements so that you could meet those in charge of the department.

I am,

Yours sincerely,

President.
